Victor Koretzky : "Incredible"

"After the World Championships (3rd), I have really felt great. I felt good all week in training. It's just amazing to win a World Cup event here in Switzerland in front of Nino and Mathias who really wanted to win in front of their home crowd. I don't quite realize this is my second win this season, it's crazy. I am exhausted but happy. I want to thank my team who did an incredible job. I'm going to go to Snowshoe with huge motivation."
